Government's Net Revenue Collection: The First Half of Fiscal Year 2023 (October 2022 – March 2023)

Mr. Pornchai Thiraveja, Director General of the Fiscal Policy Office and Spokesperson of the Ministry of Finance, stated that the government's net revenue collection in the first half of fiscal year 2023 (October 2022 – March 2023) was 1,163,599 million Baht, which was 95,084 million Baht or 8.9% higher than target and 6.9% higher than the same period of the previous year. The collected revenue from the Revenue Department, especially Corporate Income Tax, VAT, and Personal Income Tax were higher than target following economic expansion. The revenues from Other Government Agencies exceeded target due to special revenues from the remittance of extra-budgetary fund's excess liquidity, cellular royalty, and income from FM radio frequency licenses' auction. The remittances from State-Owned Enterprises were higher than target due to deferred remittances from the previous fiscal year. Moreover, the revenue from the Customs Department exceeded target following imports growth as well as special revenue from additional import duties from a court ruling. Meanwhile, the collected revenue from the Excise Department was lower than target as a result of a temporary tax cut on diesel to alleviate the impact of high energy price since the beginning of the fiscal year.

Excluding special revenues from Other Government Agencies and the Customs Department, the government's net revenue collection was 61,673 million Baht or 5.8% higher than target and 3.8% higher than the same period of the previous year.
